EXPERT TESTIMONY

I have been admitted before various courts as an expert to testify on issues related to eyewitness memory, hypnosis, the effects of drugs on memory, child sexual abuse, sexual assault, physical abuse, interviewing and credibility assessment. I have testified in all levels of criminal court, family court and civil court, at arbitration hearings as well as before provincial and royal commissions. I have been admitted as an expert in the courts of Newfoundland, Nova Scotia, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon Territory. I have also testified in several states of the United States (e.g., Florida, California, Colorado, Illinois, New York, Oregon and Washington). I have been called as an expert witness by both the prosecution and the defense.

CONSULTATIONS

I have served as a consultant to law enforcement, child protection agencies, prosecutors and defense lawyers. These consultations typically involve either child or adult complainants. I have interviewed and/or assessed the evidence of children and adults in more than 1000 cases of alleged sexual or physical abuse, sexual assault or murder. I have provided training on suspect interviewing to law enforcement, counter-terrorist and counter-espionage agents through the Institute of Analytic Interviewing. I continue to provide such training through The Ekman Group. I am the Director of the Training Division of The Forensic Alliance.
